INTERVIEW SUMMARY

Dear Sir:

Application Ser. No. 09/528,553 Attorney Docket No. 4740-070 Client Ref. No. P12760-US2

REMARKS

The undersigned agent wishes to thank the Examiner for his courteous telephone call on

January 26, 2006 inquiring into the status of the above-mentioned case. The Examiner stated

that the Office had not received a response to the latest Office Action dated June 15, 2004.

However, a check of our records, and of the records in PAIR, revealed that the Office had in fact

received our response (dated November 15, 2004) on November 17, 2004. During the

discussion, Examiner Hyun located the response and indicated that he would take further action

and issue a communication as appropriate. Therefore, the undersigned agent understands that

the Office will issue a new communication regarding the above-mentioned case in the near

future.

Additionally, it appears that the cause of the 13 month delay in prosecution of this case

was a docketing error at the Office. Therefore, the undersigned agent respectfully requests the

Examiner to consider whether this delay provides sufficient grounds for a patent term extension

upon allowance.

Respectfully submitted,

COATS & BENNETT.
